

COVID-19 Update - July 03, 2020

Hi all-

Just a really brief update tonight, and at a time like this, the absence of news is good news. Unless there is a significant change in status, you can expect your next update on Monday.

Today, we had no additional people in custody test positive for COVID-19. We did, however, have 4 additional staff test positive. All 4 already were on quarantine, and the positive tests did not result in any additional staff being directed to self-quarantine.

I hope all of you have a safe and happy Independence Day!

Thanks-
Josh
