

Hi All-

Not much new to report today. Operationally for us, it's status quo for the time being. Statewide, the number of confirmed cases of COVID-19 is up to 42 and an additional 9 cases are expected to be confirmed by morning.

I have to be honest – last week kicked my butt and I was so exhausted. All I wanted to do this morning was sleep in. But my kids (ages 4 & 7) had other plans for me and decided it was a good day to get up a little after 6. I'm glad they did. I was able to pour myself into my family, got some of my to do list around the farm done, and for the first time in over a week, things felt normal. Today wasn't at all restful, but I'm recharged. I'm also incredibly grateful.

I hope all of you are able to use your downtime (whenever your weekend is) to not be consumed by the outside world and instead recharge with those closest to you.

Take care-
Josh
