Population Report**
Numbers as of June 30, 2023

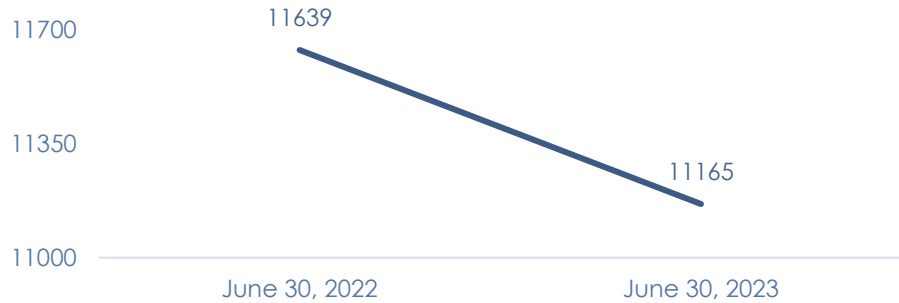

District Map

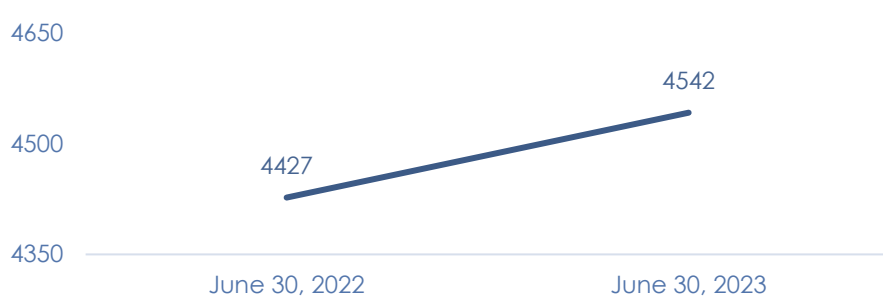

↔ **Overall Trends**

Fiscal year 2023 saw a decrease in the total number of people being actively supervised¹ on probation or parole in Idaho. The probation population decreased, while the parole population increased slightly. Overall, the relative counts of people in each district remained similar to the prior fiscal year, and there were only minor changes from year to year when individuals were separated by crime group, age, and ethnicity.

¹Active supervision refers to people on probation or parole not located in a jail, in federal custody, or who have been deported. Active supervision also excludes those on unsupervised probation, who have an Immigration and Customs Enforcement (ICE) detainer, bench warrant, or who have absconded or were otherwise put on probation violator or parole violator status.

**FY23
Community
Population
Report**

Numbers as of June 30,
2023

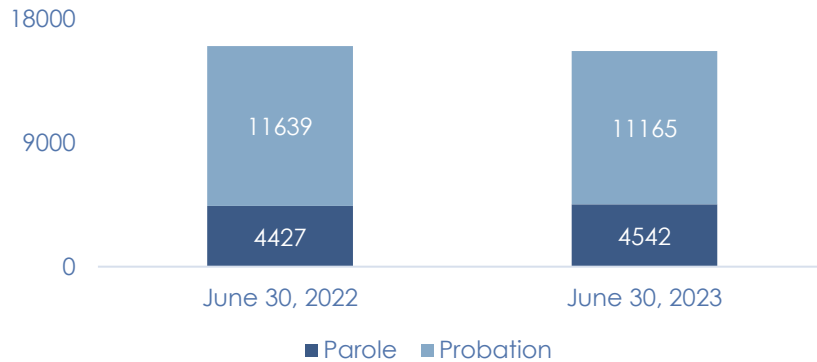

Total Population

¹District 0 – Limited Supervision Unit (LSU): Individuals whose risks and needs merit less supervision than higher risk individuals.

**FY23 Community
Population Report**

Numbers as of June 30, 2023

Gender

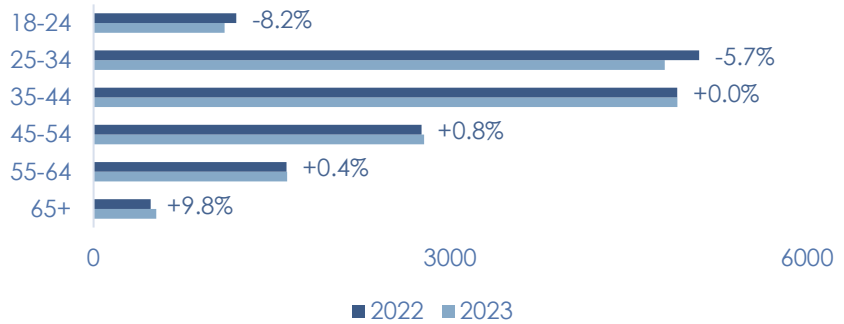

Demographics

Of the total active community population, 73.5% were male. The male population decreased 1.7% in the last fiscal year. The female population decreased 2.9%.

Of the total active community population, 31.2% were aged between 35 and 44. The total number of community individuals aged between 35 and 44 is the same as in FY2022, however the 35 to 44 group now comprises the largest proportion of people on supervision, compared to FY2022 when it was people aged 25 to 34. Individuals 65 or older saw the greatest change, with an increase of 9.8%.

Age

Of the total active community population, 73.0% were white. The white population has increased 1.9% in the last fiscal year. Of the remaining individuals with a known race/ethnicity, Asian individuals saw the greatest change, with an increase of 8.8%, although they remain the smallest group.
