 Re: Visiting Hours Change

In effort to increase availability and scheduling for the resident population, visiting will be changing its schedule. The date this goes into effect is July 1st, 2023. The facility will change the schedule to an A side and B side. All units on the A side can schedule on their day and the B side can schedule on their day. All three sessions 0830, 1100 and 1330 will be available to **choose** from when setting up a visiting session. This will move scheduling availability from about 6 per month to about 40. Also, this will also increase the number of visits you are eligible for per month to about 10-11 up from 6. The schedules will alternate on a 3 to 2 rotation.

Visiting is not going back to a normal schedule yet, although we hope to do so soon. Week-ends as of now are still not available. Residents may only schedule for 1 time slot per day. The units are balanced per population, so it remains fair.
