**POLICY STATEMENT**

It is the policy of the Idaho Board of Correction that the Idaho Department of Correction (IDOC) establishes and maintains procedures to ensure offenders maintain reasonable standards of cleanliness and that such standards apply to both the IDOC and facilities operated by its contractors. Good cleanliness and hygiene habits help improve the health of the offender population and minimize offensiveness to others due to uncleanness; as a result, each facility will have adequate laundry and personal hygiene facilities available to its offender population.

**PURPOSE**

The purpose of this policy is to communicate the Board's philosophy regarding personal hygiene standards of incarcerated offenders.

**SCOPE**

This policy applies to IDOC facilities and facilities operated by its contractors, all procedures created under the authority of this policy, and all offenders housed in IDOC facilities.

**RESPONSIBILITY**

The director of the IDOC and division chiefs are responsible for overseeing the implementation of this policy and the development and implementation of a standard operating procedure (SOP) that provides guidance to facility heads for governing offender hygiene procedures and expectations.

At a minimum, the SOP must provide guidance on the following: general sanitation and housekeeping, offender hygiene, hygiene supplies, laundry services, and barbering services.
